Where can my child be enrolled?

Provides you with a childcare subsidy which can reduce the out-of-pocket costs of childcare.

You have the option to enroll your child at the University Child Development Center, a licensed and nationally accredited facility located on UMSL’s Campus, or at another approved, licensed, and accredited facility.

Having access to safe, reliable, and affordable childcare allows you to attend class, study, utilize campus resources, participate in extracurricular activities and receive academic support.

Provides referrals to connect you and your family to university and community resources and services.

Are you eligible?

Applicants must be:

- Enrolled UMSL students
- Pell Grant recipients or Pell Grant eligible
- A parent or guardian of a child between the ages of six weeks and 12 years

How will this support my family?

- Provides you with a childcare subsidy which can reduce the out-of-pocket costs of childcare.
- You have the option to enroll your child at the University Child Development Center, a licensed and nationally accredited facility located on UMSL’s Campus, or at another approved, licensed, and accredited facility.
- Having access to safe, reliable, and affordable childcare allows you to attend class, study, utilize campus resources, participate in extracurricular activities and receive academic support.
- Provides referrals to connect you and your family to university and community resources and services.

Where can my child be enrolled?

- Students may use Triton Childcare Funds at the on-campus University Child Development Center.
- Students may request* to use the Triton Childcare Fund subsidy at their current childcare facility, if it is licensed and accredited.
- Students may search for and request* care at a licensed and accredited facility. This option will be particularly beneficial for commuters and online students as they can request care at a facility in closer proximity to their homes.

* Requests do not guarantee approval. Approval is based on the facility's licensure, accreditation, and willingness to participate.
