ASSOCIATE OF APPLIED SCIENCE IN NURSING TO A BACHELOR OF SCIENCE IN NURSING

UNIVERSITY OF MISSOURI – ST. LOUIS & JEFFERSON COLLEGE TRANSFER GUIDE

This Guide is intended for the use of students who plan on transferring from Jefferson College (JeffCo) with a completed Associate of Applied Science in Nursing to the University of Missouri – St. Louis (UMSL) to pursue the Bachelor of Science in Nursing: RN to BSN Completion program.

The UMSL RN to BSN Completion Program is designed to be a flexible option, completed in five consecutive terms after transfer. Courses can be taken online or on the UMSL campus one evening per week. For more information on this program, please visit the UMSL College of Nursing’s website. Also, it is highly recommended that prospective Nursing students meet with the UMSL College of Nursing as early as possible to make sure that they have all information relevant to their degree progress. The UMSL College of Nursing can be reached at (314) 516-6066 to schedule an information session.

The following are the requirements of the JeffCo Associate of Applied Science in Nursing degree program as they are recommended for students intending to continue on into UMSL’s Bachelor of Science in Nursing: RN to BSN Completion program. Completing these requirements as they are recommended here will maximize the transferability of a student’s coursework toward their UMSL Bachelors degree.

JeffCo’s Bi-Level Nursing Program is designed to transition students through its first Level of a Licensed Practical Nurse (LPN), in the second Level towards graduation with their Associates and eligibility for licensure as a Registered Nursing (RN). This program can be pursued during the day, over 2 years, or in the evening, over 3 years. Further details of this Associates degree program, as well as comprehensive schedules of coursework, may be found on JeffCo’s website.

This guide is intended for use under advisement of a JeffCo Academic Advisor or UMSL Transfer Representative and is not considered to be substitution of such advisement.

I. LEVEL 1: PN

Unless otherwise specified, all courses must be completed with a B grade or higher.

**Pre-Requisites** 8 Hours
- BIO 211 Anatomy and Physiology I (4) - Completed within 5 years prior to PN
- COL 100 Freshman Seminar (1) - Satisfactory completion
- PSY 101 General Psychology (3) - C grade or higher
- Students must maintain a cumulative GPA of 2.5 or higher to remain in the PN portion of the program.
- Students must maintain a cumulative 85% of higher in all PNE courses to remain in the PN portion of the program.

**PN Coursework** 48.5 Hours
