Rationale

1) Added one upper-level music history course to the description (MHLT 4000-4280). This requirement used to be covered by the Music Department's "Core Curriculum" (classes that all of our music majors must take), but we are proposing a revision to the core which would remove that requirement. This degree area, however, still **does** need it, so we are adding it in here to cover for its removal from the core. 2) Changed wording of the Ensemble requirement (the requirement has not changed, but this wording is clearer) 3) Updated footnote re: foreign language to direct students to the CAS baccalaureate requirements, rather than the now-defunct CoFAC.
