This program will be developed with the intention of delivery in the following delivery modes (choose all that apply)

> Missouri Online (75% or more of program coursework offered online and participates in Missouri Online)

Justification for
request:

The courses listed were incorrect. The DNP Program Level Learning Objectives have been
updated.

Program Reviewer
Comments

Keeta Holmes (holmeskm) (03/21/24 11:32 am): Rollback: Can you please submit/attach a
curriculum map for the emphasis area? Specially, I need to see how the courses contribute to
students' skills and how those skills are now developed from other courses or the new courses
you're adding. Paula Prouhet contributed to the BSN curriculum map and PLOs and can be a
resource to help you put a map together for this DNP emphasis area. Let me know if you have
any questions about what I need! - Keeta

Betsy Sampson (sampsone) (09/16/24 12:51 pm): Rollback: Program has not been reviewed by
the Faculty Senate C&I Committee
