

EXPLORATORY PATHWAYS

Can't decide on a major? No worries! Students can choose a Pathway if still undecided on a major to determine what is most interesting and meaningful, while completing a variety of courses in several different subjects. This approach allows students to explore majors, but also maintain a plan for graduation.

UNIVERSITY STUDIES

University studies is required for all first-year students and those with less than 24 credit hours.

SUMMER AND INTERSESSION COURSES

Don't forget that summers and winter breaks are a way to fast-track your route to degree completion – and lighten your load during fall and spring!

The Human Experience

The Human Experience Pathway is intended for students that are motivated by critically examining components of human society and culture. They may enjoy reading about historical events that have led to contemporary issues, studying similarities and differences of people from other cultures, and/or writing creative short stories or essays. Students in this Pathway can explore how to process and document different aspects of being a person in the world today.
