

## EXPLORATORY PATHWAYS

Can't decide on a major? No worries! Students can choose a Pathway if still undecided on a major to determine what is most interesting and meaningful, while completing a variety of courses in several different subjects. This approach allows students to explore majors, but also maintain a plan for graduation.

### 1 UNIVERSITY STUDIES

University studies is required for all first-year students and those with less than 24 credit hours.

### SUMMER AND INTERSESSION COURSES

Don't forget that summers and winter breaks are a way to fast-track your route to degree completion – and lighten your load during fall and spring!

# The Interconnected World

The Interconnected World Pathway is intended for students that have a desire to study global issues and concepts. Students pursuing this Pathway understand that the world in which we live has become “smaller” due to technological innovation, and we should be learning more about societies and cultures both near and far. While not directly listed, students that are possibly interested in a major in International Business would also benefit from this Pathway.

**MAJORS INCLUDE:** International Relations  
Modern Languages  
Sociology

Year  
**1**

#### FALL SEMESTER (15 credit hours)

ANTHRO 1011: Introduction to Cultural Anthropology (3)
