

JUNIOR FACULTY TRAVEL GRANT COMPETITION 2024

Office of Research and Economic & Community Development (ORECD)
Faculty Senate Research Panel (FS2024)

DEADLINE: Friday, Oct. 11, 2024, 5:00 PM

The Junior Faculty Travel Grant competition is open to full-time, untenured, tenure-track faculty members and full-time non-tenure track assistant professors whose appointment involves a research mission. The purpose of the funding is to strengthen faculty research and creative activities.

Up to \$2,000 will be awarded for expenses to attend a professional conference. The Panel will consider applications for conference travel between 1/1/2025 and 12/31/2025.

Through a competitive process, awards will be made to junior faculty from any discipline.

- Faculty members may apply for only one ORECD funded Junior Faculty Travel Grant during an award cycle
- Applicants should detail their role in the conference (for instance, presenting a seminar, workshop, or poster; serving as a panel member, discussant, or key conference organizer).
- Priority will be given to faculty who provide a full justification for the purpose of the trip, either as part of their career development or the benefit of the university, and the rationale for the choice of meeting
- A presentation need not be accepted by the conference organizers at the time of application. If the presentation is not accepted or is withdrawn, awarded funds must be returned to ORECD. Documentation of presentation will be required at the time of reimbursement
- Due to limited funds, priority will be given to faculty who have not received ORECD funding in the past two funding periods
- Future travel will be given priority. Applications for retroactive travel support (2024 conference) will be considered on a case-by-case basis
- Awardees are expected to remain employed by the university for at least one full year after the award period ends
- Funds can be used for attendance at virtual, hybrid, or in-person conferences

HOW TO APPLY

Complete your application in [InfoReady](#). Please email Cynthia at jobec@umsl.edu if you have any questions about this competition.

Please complete all the requested sections. Explain how your participation in the conference will advance your research and increase your visibility in the field. Discuss your specific presentation(s) in terms that reviewers from other disciplines will understand. Provide an estimated list of costs including conference registration fees, lodging, airfare, ground transportation etc. **Narrative is limited to 1 page.**
