Growth Areas:

Are there ways in which the social work faculty could have been more helpful to the agency or the student during the course of the practicum?

Is your organization planning any changes (such as in staffing, programming, etc.) of which the University should be aware? Please describe.

Our benchmark for student proficiency on the competencies is an **overall score** of 3.0 or “proficient” on demonstration of the competencies. To calculate this score, add the score for each rated behavior and **divide by** the total number of behaviors. If the student’s overall score is less than a 3.0, is it your opinion that this student should receive a passing grade for practicum? Why or why not?

Please place a check mark next to the number that reflects your response to the following questions.

How would you rank this student’s effort in completing practicum tasks?

- 1. Consistent and outstanding
- 2. Consistent and above average
- 3. Consistent and average
- 4. Inconsistent and average
- 5. Inconsistent and below average

How would you rank this student’s level of knowledge and skill compared to a typical advanced-practice level MSW student?

- 1. Outstanding
- 2. Above average
- 3. Average
