Installing Mitel Connect

Below is a guide to upgrading/installing the latest version of Office (Office 365) using Software Center:

1. Open Software Center and navigate to the Applications tab.
2. Select Mitel Connect to view the installation page
3. Click the Install button to initiate installation:

4. The installation will begin by downloading the software installation files. You may stop the installation at any time by selecting the Cancel button.
5. Once the software is downloaded, installation will begin:
Mitel Connect
Published by Mitel

Softphone client for UMSL Mitel telephone system. You must have permission to install software to your computer.
